# BCARN—MN

The weather was a bit wet for the Wrinkle Time picnic this year and as a result attendance was down a bit from previous years. Even so, Wrinkle Time attendees were very generous towards Bulldog Rescue. Our silent auction brought in \$227 and additional sales of t-shirts, zipper bag sales and Mack Truck pins resulted in an additional \$123 in donations so a grand total of \$350 was raised to help BCARN- MN rescue. Thanks so much to everybody who participated in some way. All contributions are most appreciated.

Marcia reported that the “pick-it-yourself” t-shirt sale went very well. The shirts were also a good bargain at \$5 a piece. If you have any Bulldog t-shirts or sweatshirts that are still in good condition, but you no longer wear it, please donate it to our rescue. We can “rehome” them and as always, the money raised goes to a good cause.

We have a new Bully in rescue. Max is a handsome, healthy, 3 year old, neutered boy. He needs a little work in the manners department, but is basically a sweet dog. He has a lot of energy, so we are looking for a home with a fenced yard for Max.

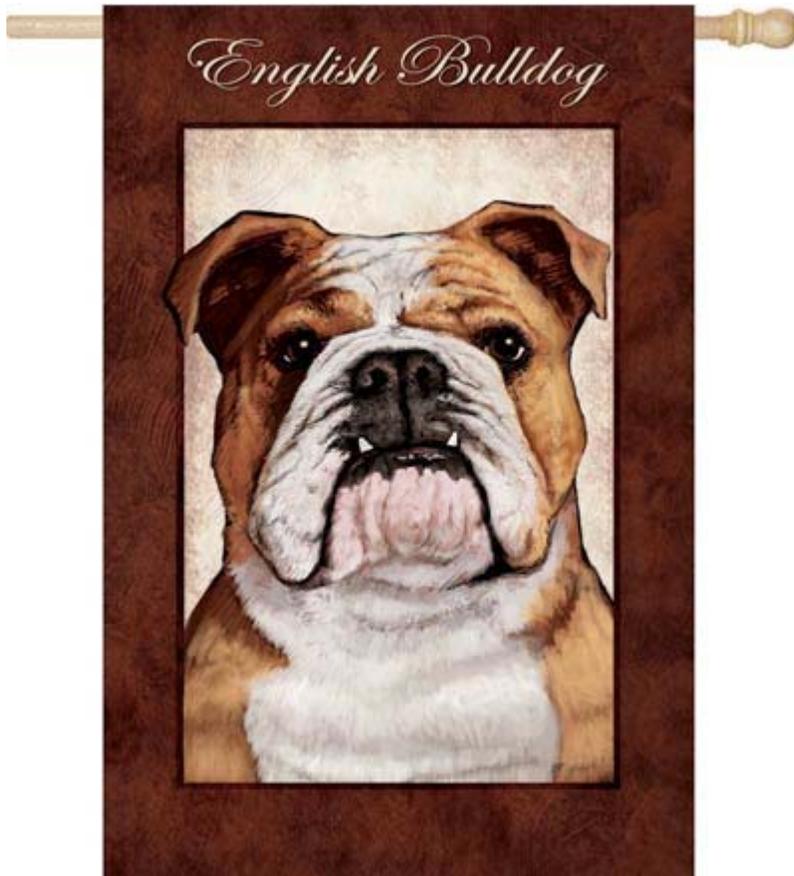

Max came into rescue as a result of a rehome that did not go as planned. Max’s owner had to move into an apartment and couldn’t take Max with her. She thought that by giving him to a family member, he would be in good hands. Turned out that he was being kept in a garage, a heated one, but a garage just the same and then they got tired of him and decided to get some pitbull puppies instead. So she ended up getting Max back, but due to housing regulations could not keep him for more than a few days. She decided that a rescue organization could do a better job than she could at finding Max his forever home, so contacted BCARN -- MN to see if we could help her with that.

Max went to the Inver Grove Heights Animal Hospital for a visit as he needed boosters on vaccinations and also needed to be heartworm checked. Other than an ear infection and mild eye infection, for which he was given medication, Max was given a clean bill of health. Max is being fostered by Jey and Justine. Once we have a better idea of Max’s personality, we will begin the process of finding him his forever home.

## Melissa's Special Bully Wrinkle Cream Recipe

Equal Parts of the following (creams work better than ointments and generics can be found at Wal-Mart):

- ♦ Bacitracin or Neosporin w/ Pain Reliever
- ♦ Lotrimin
- ♦ A&D – cream version

Goes on like whipped cream and cleans off EASILY with every wrinkle cleansing, so that new cream can be reapplied – no rubbing the raw wrinkles if your bully has them. Works wonders!

## What do you do to keep your dog occupied or entertained when you are at work?

We give Matilda a peanut butter smothered Nylabone & leave radio on while gone. She stays in kennel during work day & gets run of upstairs for shorter periods. We always do bone & radio though as a sign to her we are gone. She loves when we leave because she loves peanut butter!

We give our dogs raw meaty bones—not every day— but that keeps them busy.

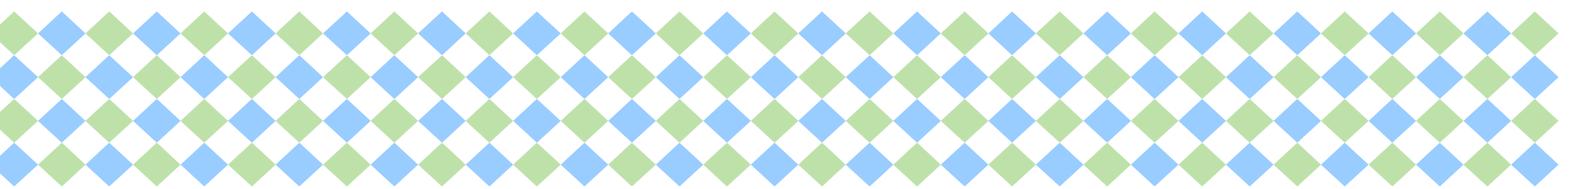

Not much! I think they like their naps...

What a handsome bunch!

## Watch Your Dog!

Just a reminder to keep an eye on your dogs when you are at our gatherings. You are responsible for their behavior when you are out in public. Wrinkle Time assumes no liability at gatherings. You assume the same liability you would at any other public event as Wrinkle Time does not screen attendees.

*Thanks so much for everyone who helped at the picnic. I appreciate everyone who contributed, ran games, donated to rescue, volunteered to help, and made the day fun!*

*Thanks again—Karen*
